**MAXIMUM AMOUNT** : EUR 1 000 000 per project, with an outstanding amount of EUR 3 000 000 per company

## Who is eligible?

This product is intended for:

- All the companies
- having their registered office or a place of business in the Walloon Region\*
- which are not in financial difficulty

## What is it for?

Easy'Green provides attractive conditions for the financing of projects to reduce the carbon footprint of companies:

- by **improving the energy efficiency of buildings** (renovation or new build) **or processes**: insulation, door/window frames, heating, LED lighting, energy-efficient machinery, etc.;
- by **investing in renewable energy**: photovoltaic or solar panels, bi-methanation, wind power, charging points for electric cars, etc.;
- by **adapting equipment using fluorinated gases** (mainly refrigeration equipment) in accordance with the relevant legislation: ensuring compliance of refrigeration equipment or new investments;
- by **carrying out green innovation projects** (including the circular economy): any technological or other innovation having a positive impact on CO2 emissions.

## Duration

Variable depending on the project (possibility of deferment)

## Terms

- IRS rate + margin
- No administration fee
- No re-investment payment
- In addition to other private and/or public financing arrangements

## Procedure

Applications may be submitted at any time. It is advisable to contact an adviser before submitting your application.

The Investment Committee meets once a month, and an electronic procedure can be organised for any applications requiring consideration.

In the case of a favourable decision, the loan agreement may be signed and the funds provided as soon as any necessary conditions have been met. This method of operation therefore does not involve pre-financing on the part of the company.
